As soon as the Journal' had been read, the Chair recognized Mr. Catchings, from the Committee on Rules, to present the report.

Mr. Burrows attempted to raise the point of order that no quorum was present, but the Speaker held that the Journal having been approved the point of order could not be made, save on a vote upon some pending question.

Burrows then tried a flank movement, with an appeal from the decision of the Chair, and the Speaker declared that he could not take Mr. Catchings off the floor for that purpose.

Mr. Reed came forward at this juncture and manifested a disposition to hold a joint debate with the Chair, but the Speaker declined the invitation and directed the Clerk to read the report.
